

Carbon footprint
2021
(new Organizational Boundary)

1. INTRODUCTION

BESIX is since 2011 certified level 5 on the CO₂ performance ladder for her activities in the Netherlands. In 2022, in line with the BU Europe Energy & GHG Policy, BESIX will extend the scope of the actual certification (of BESIX, BESIX Nederland Branch) to her European Business Unit.

The following Belgian subsidiaries of BESIX Group will also join this certification: BESIX Infra, BESIX Infra Support, BESIX Nederland BV, BESIX Unitec (and its subsidiaries BESIX Connect, BESIX Unitec Automation, BESIX Unitec Nederland and Appermont Gebroeders) and Franki Foundations Belgium with its subsidiaries Franki Grondtechnieken in the Netherlands and Atlas Fondations in France

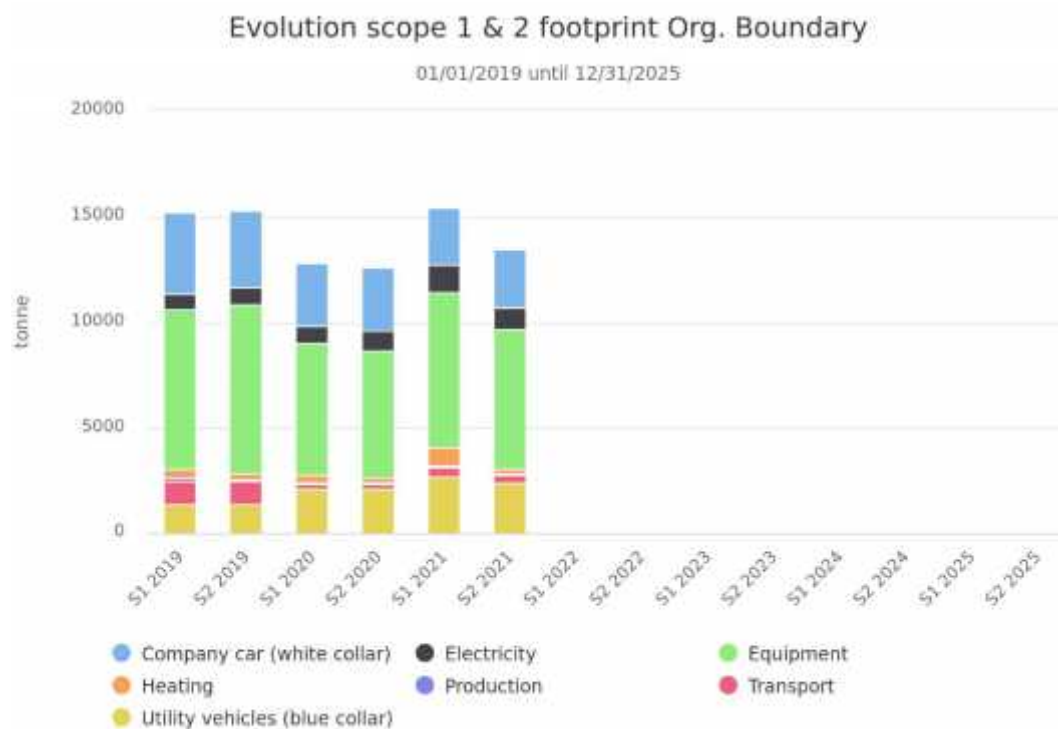

Below you'll find the following information related to the above mentioned Org. Boundary:

-) Evolution scope 1 & 2 footprint (per semester)
-) Evolution scope 1 & 2 footprint per million euro turnover
-) CO₂ share of each group of companies in the consolidated scope 1 & 2 carbon footprint
-) Evolution scope 3 footprint (per year)

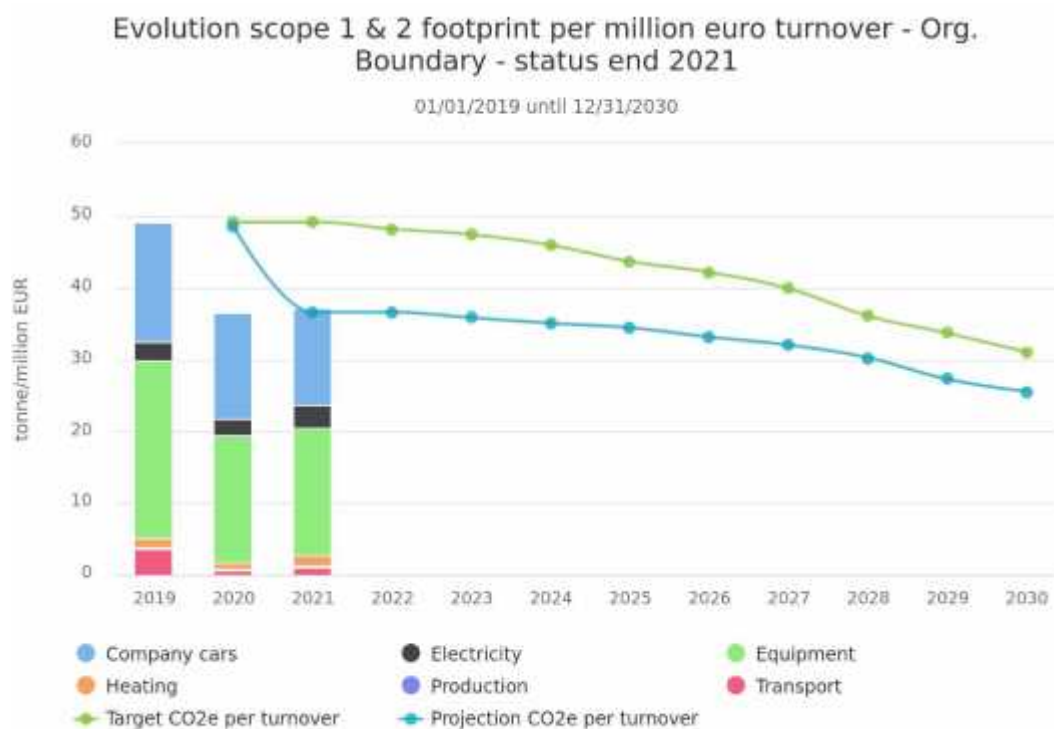

More details can be found in the CO₂ progress reports of the Organizational Boundary.

This document is an update following the shift in scope (from scope 3 to scope 1) of the fuel provided by BESIX Infra to its subcontractors.

2. Evolution scope 1 & 2 footprint (per semester)

3. Evolution scope 1 & 2 footprint per million euro turnover

4. CO₂ share of each group of companies in the consolidated scope 1 & 2 carbon footprint
